

The Clinton Veterans Center appreciates all the hard work and donations that your group provided to us this past year. As time has went on, we have given many items to our veterans and our "Comfort Item" closet is beginning to get low on supplies. I am asking if there is any way that your group might be able to provide us with more supplies. If you would be able to donate any items, we would greatly appreciate it. Below is a list of some of the items that we need. Please note that the highlighted items are the ones that are the most popular and we go through them very quickly.
